How do you turn Apple Jacks® Cereal green? Take a look!

Stare hard at this little black dot while you **slowly count to 15**.
Then stare at the dot to the right and count to 5.

Cool, huh?

Here are a few more things that deserve a second look.

1/ Old men or a wine glass?
2/ What does this say?
3/ What do you see?
4/ Do the green lines bend in or out?

5/ Which shape is bigger?

6/ How long would it take you to walk to the top of these stairs?
7/ Stare at the circle. Does it seem to twirl?

8/ Do you see gray in the white lines?
9/ How would you make this?
10/ Which circle is bigger?

Answers on the side panel.
